Cups for a Cure Campaign

Cups for a Cure is a fun and easy way to raise awareness for Dravet syndrome and money for DSF. You can determine the level you’d like to commit to for the fundraiser. It can be as simple as sending a text to your closest friends, e-mailing family and friends, bringing the order form to work, posting on Facebook or setting up a table outside a local business.

The purple Cups for a Cure are $20 each. They have a metal liner so it’s perfect for hot and cold drinks.

I have created an order form for the sales which can easily be updated with your name, phone number and personal story. I have also included a sample e-mail that can be used or modified with your information. DSF electronic letterhead is available for your use.

The fundraising committee is here to help you along the way with any questions or concerns you may have with the campaign. Please contact me for additional information and thank you for Fighting for a Cure!!

Good afternoon,

I'm starting a fundraiser for the Dravet Syndrome Foundation. We are selling cute purple travel mugs for $20 with the Dravet (dra-vey) Syndrome Foundation logo on it. There are so many children with Dravet syndrome that are suffering everyday and too many passing away with SUDEP (sudden unexplained death in epilepsy). I thank God everyday that Amanda is doing well but want to help others by raising money to research the syndrome.

The proceeds from the sale will go directly to the foundation which is a non-profit organization dedicated to aggressively raising research funds for Dravet syndrome, a rare and catastrophic form of epilepsy. By offering research grants for syndrome-specific research with a novel approach, DSF can move researchers and the medical community forward to find better treatments and a cure while assisting afflicted individuals and their families. If you'd like to learn more about Dravet Syndrome or the foundation, please visit the site:  http://www.dravetfoundation.org/

Please let me know if you'd like to buy a cup, help sell cups, donate to the foundation or promote awareness for Dravet Syndrome. Thank you for helping us Fight for a Cure!

Brenda
The mission of Dravet Syndrome Foundation (DSF) is to aggressively raise research funds for Dravet syndrome and related epilepsies, while providing support to affected individuals and their families. DSF focuses its work and funding in four areas: Research Grant Awards; Annual Research Roundtable; Patient Registry; and Patient Assistance Grants. To learn more about Dravet syndrome or the foundation, please visit our website: www.dravetfoundation.org
